Subject: RE: Former Allison Transmission Plant 2 Groundwater Monitoring Report

Sarah,

I concur with the conclusions stated in the report, and that monitoring wells MW-0647-S2, MW-1201-S2, and MW-1304-S2 may be abandoned.

Please contact me if you have questions.

Please contact me if you have questions.

Subject: Former Allison Transmission Plant 2 Groundwater Monitoring Report

Don – Please find attached the data report supporting the Final Decision for the Former Allison Transmission Plant 2 in Speedway, Indiana. All results were below laboratory reporting limits during the sampling event. As requested in the attached, GM would appreciate approval to abandon the remaining three wells associated with the site. Please let me know if you have any questions. I'll get a hard copy of this report sent to you this week.

Thanks!
Sarah
